

## **Basic Telephone Service Available From Clear Creek Communications**

Clear Creek Communications is designated as an Eligible Telecommunications Carrier by meeting the guidelines of the Federal Communications Commission and the Oregon Public Utilities Commission. We've been offering quality reliable telephone service since 1906 and realize that basic service is a fundamental aspect of everyday life.

Basic telephone service from Clear Creek Communications includes: Single party service including unlimited local calling minutes; touch-tone service; voice grade access to the public switched network; access to emergency services (including 911 and enhanced 911); access to operator services, interexchange carriers, and directory assistance.

Clear Creek Communications is pleased to offer basic service to all customers in our serving territory. Our rate for residential basic service is \$20.89 monthly and our rate for business basic service is \$32.53 monthly.

Low income individuals may be eligible for the Lifeline telephone assistance program which provides discounts from these basic rates. Federal lifeline discounts are paid entirely by the federal lifeline program. Lifeline is a non-transferable benefit and only eligible customers may enroll in the program. The program is limited to one discount per household; a household is defined, for purposes of the Lifeline program, as any individual or group of individuals who live together at the same address and share income and expenses. Also available to Lifeline customers is toll blocking which lets customers block outgoing long distance calls free of charge. Application and certification for the Lifeline program is through the Oregon Public Utility Commission.

If you have questions, or would like to become a customer of Clear Creek Communications, please contact us at (503) 631-2101, or visit us online at [www.ccmtc.com](http://www.ccmtc.com) or at our business office at 18238 S. Fischers Mill Road, Oregon City, OR 97045.
