

The Bureau of Land Management (BLM) has initiated planning for the Highland Butte and Crutcher Bench Communication Tower Environmental Assessment. Both sites are located in Clackamas County, Township 2 South, Range 7 East, Section 28 and Township 4 South, Range 3 East, Section 9.

Clackamas County Radio Group contacted BLM, requesting a lease to construct, operate, and maintain two communication towers for a period of 25 years. The Proposed Action is to construct a 190-foot communication tower on Highland Butte and Crutcher Bench with the purpose of improving emergency communication services to the surrounding communities.
